SUMMARY

Highly skilled and experienced frontend developer with over 3 years of industry experience in cross-functional teams to deliver innovative solutions that meet business objectives. Demonstrated expertise in developing responsive web applications and user-friendly interfaces using modern frontend technologies JavaScript, React.js, Next.js, React Native, Tailwind CSS, and CSS among others. Proven track record of delivering high-quality code on time and within budget.

SKILLS

- Programming Languages: **JavaScript (ES6+), TypeScript, Ruby, Java**
- Front-End: **React.js, Redux, Next.js, Web3.js, React Native, Tailwind CSS, HTML5, CSS3**
- Back-End Technologies: **Node.js, Ruby, Ruby on Rails**
- Databases: **MongoDB, PostgreSQL, Firebase, MySQL**
- API Development: **RESTful APIs, GraphQL**
- Testing: **Mocha, Jest, RSpec**
- Cloud Platforms: **Microsoft Azure**
- Operating Systems: **Windows Server, Linux, Mac OS**
- Scripting: **PowerShell, Bash**
- Networking: **Azure Virtual Network, VPN Gateway**
- Security: **Azure Security Center, Azure Active Directory**
- Monitoring and Logging: **Azure Monitor, Log Analytics**
- Storage: **Azure Blob Storage, Azure File Storage**
- Automation: **Azure Automation, ARM Templates**
- Debugging: **Chrome Dev Tools, Prybybug**
- Tools and Methods: **Git, GitHub, Kanban, Gitflow, Docker, CLI, ClickUp, Heroku, Netlify, Test-Driven Development, Helmet, Figma, Bubble, Ant Design**
- Professional: **Remote pair programming, teamwork, standup meetings, code reviews, mentoring, and communication**
- Software Development Methodologies: **Agile, Scrum**

PROFESSIONAL EXPERIENCE

Kropmann

Hybrid: Lagos (Nov 2023 - Present)

Frontend Developer

[Kropmann – Your Digital Transformation Companion](#)

- Designed and implemented a modular architecture for a web application, reducing load times by 40%.

- Executed extensive code refactoring and implemented advanced caching strategies, leading to a 50% enhancement in application performance.
- Pioneered a mobile-first responsive design approach, resulting in a 25% increase in mobile user engagement.
- Integrated multiple third-party APIs for payment gateways and data analytics, contributing to a 20% increase in sales.
- Implemented robust CI/CD pipelines using Jenkins and Docker, reducing deployment time by 60%.

Uniflow

Remote: UK (Jan 2023 - Oct 2023)

Full-Stack Developer

[Decentralized Data & Money Management](#)

- Designed and developed high-quality websites and web applications, meeting and exceeding client specifications.
- Optimized database queries and schema designs, resulting in a 30% reduction in response time.
- Implemented robust user authentication and authorization using JWT for enhanced security.
- Integrated third-party APIs for seamless payment processing, contributing to enhanced operational efficiency.
- Implemented automated testing using Mocha and Jest, achieving a 25% increase in test coverage.
- Converted a legacy React-based system to Next.js, enhancing performance and scalability.

Sponsorlytix

Remote (May 2022 - Nov 2022)

Frontend Engineer

- Spearheaded the development of the company's dashboard with an activity heatmap, increasing user engagement by 20%.
- Led the development of key technical aspects contributing to a 15% improvement in operational efficiency.

Alabian Solutions Ltd.

Lagos, Nigeria (Jan 2020 - Feb 2021)

Frontend Engineer

[alabiansolutions](#)

- Collaborated with a proficient team to conceptualize, design, and build seven applications using JavaScript and React Redux.
- Spearheaded the development and launch of a hotel room management system and a school performance management system.
- Ensured high-quality end-to-end features by adhering to standard engineering principles and design patterns.

EDUCATION

Microverse

(March 2021 - Feb 2022)

[Microverse | Learn How To Code](#)

- Remote Full Stack Web Development Program/Freelance
- Devoted over 2000 hours to mastering algorithms, data structures, and full-stack development.
- Improved communication and conflict-resolution skills within a remote work environment.
- Mentored five junior web developers, contributing to enhanced team performance.
